# AREA 10 CONNECT

## 10000 lumen 360° work light for 18 V/20 V battery packs

E A G

ORIGINAL SCANGRIP SINCE 1906

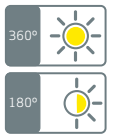
AREA 10 CONNECT provides a diffused and uniform light up to 10,000 lumen which is ideal for the professional user who requires powerful and efficient illumination of the entire work area carrying out any kind of repair, paint or construction work.

The compact design with a carrying handle makes it extremely handy and easy to move around. Change between 360° and 180° illumination according to the work task. The built-in dimmer function enables you to adjust the light output into five different levels.

AREA 10 CONNECT is compatible with METABO/CAS battery system 18 V and all other 18 V/20 V battery packs from leading power tool brands by using the SCANGRIP CONNECTOR. In addition, the POWER SUPPLY can be used for direct power providing unlimited availability to light. AREA 10 CONNECT also has an internal back-up battery securing 50 extra minutes at 1000 lumen.

With the integrated BLUETOOTH light control it is possible to turn on/off the work light and adjust the light output through a mobile device, saving you time from manual operation and increases work efficiency on a daily basis.

Due to the compact and low weight design, AREA 10 CONNECT is portable and easy to carry around. It is also supplied with a hook for flexible positioning and can be mounted directly on the SCANGRIP TRIPOD. Dust and waterproof, IP65, and supplied with a built-in power bank with USB outlet to charge mobile devices.



Change between 360° and 180° illumination
